### MORE ARRESTS.

As stated yesterday, three former executive officers of the Illinois Central Railway Company were arrested in Chicago yesterday on warrants in connection with the alleged frauds by means of which the railroad was defrauded, it is said, of \$1,500,000.

The men arrested were Frank B. Harriman, formerly general manager of the road; Charles L. Ewing, formerly manager of lines north of the Ohio river, and John M. Taylor, formerly general storekeeper of the road.

The three men are charged with conspiracy to cheat and defraud the railroad by false pretenses and with operating a confidence game. Each was required to give \$10,000 for his appearance.

The allegations in the graft case are startling. The investigation began a year ago. It reached a crisis last spring when President Harahan began action to recover sums said to aggregate more than \$1,000,000 alleged to have been taken from the road by car repair companies in connivance with high officials of the road. Harriman, Ewing, Taylor and many others of less magnitude resigned their positions.

Much of the money is said to have been repaid privately. The name of Ira G. Rawn, who resigned as vice president of the Illinois Central road to become president of the Monon system, and who was found dead recently at his home with a bullet wound in his breast, was brought into the scandal. Murray Nelson, jr., attorney for the Illinois Central, yesterday said that Rawn's death headed off warrants which would have been issued for him.

Private detectives working under the direction of President Harahan are said to have unearthed frauds other than those connected with the padded car repair bills. These are said to involve the diverting of \$100,000 or more from new construction funds. The investigators say they have secured several confessions, which will be used in their attempt to fasten guilt on culpable persons. Yesterday's developments bring the name of Ewing into the case for the first time.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by W. F. Creighton and Richard Gibson.

### WHY COMETS DISAPPEAR.

Halley's comet has doubled the cape of the sun and has commenced its long journey through the sky. For over 35 years it will rush through trackless space at a rate of speed past our comprehension. It will stop at no way stations. After this long journey it will swing about in its celestial pathway toward our sun again. Its return will consume another 35 years, provided it shall return at all. Should it have attained sufficient momentum in its present visit to carry it beyond the confines of our solar system it may be seized upon by the attractive power of another sun, and may never return to us again. It is very probable that many of our comets have left our system forever, and that many comets from other systems have come to us. The journey which this comet is to make is a perilous one. It is attended with many dangers. Planets are scattered through the sky. They are sending out their attractive forces across the comet's path. They are dangerous highwaymen. They may draw the comet into themselves, or may convert it into a satellite to revolve around some primary.—[Prof. Samuel Phelps Leland in the Christian Herald.]

### "THE MARSEILLAISE."

When Rouget de Lisle, who had retired to Choisy le Roi, felt, on a lovely June morning in 1836, that he had not many hours to live, he was heard to murmur, "I know that the end is approaching. I have made the world sing, and I am about to die." Hearing that the end was near, people flocked during the day to the house, and when evening came the doctor had the windows of the chamber opened, and then, in the cool air, arose a song, sung in almost hushed tones by the crowd, but with wonderful effect all the same. It was while "The Marseillaise" thus softly reached his ear that Rouget de Lisle passed away.

It was in the night of April 25, 1792, when war against Austria had just been declared, that he, then a captain in the Strasburg garrison, wrote "The Marseillaise," which he entitled "War Song of the Army of the Rhine." It was sung by Mireux, the Deputy for Montveller, who had accompanied some local volunteers at a banquet given to them at Marseilles by volunteers belonging to the town, and so it was called "The Marseillaise," whereas the name "Strasbourg" would have been more correct.—[London Telegraph.]

### CONDEMNED CHURCH METHODS.

In preaching on the subject "If Christ Came to Baltimore" recently Rev. George H. Nock, pastor of William Street Independent Methodist Church, strenuously denounced "kid glove preachers, grafting politicians and soulless manufacturers who hypocritically profess Christianity." He said that Christ would disapprove of any Sunday school faddists who prided themselves on their "systems" and who induced boys to attend by making baseball and other sports adjuncts of teaching the scriptures. Oyster suppers and ice cream festivals to raise funds for the church were condemned, and it was intimated that Christ would class those who conducted such affairs with the money-changers in the temple.

### FAVORS ANNEXATION.

Annexation of Canada to the United States by Canada was advocated yesterday in an address by Henri Bourassa, M. P., the nationalist leader of Quebec, before the Summer school of Science of St. Francis Xavier College at Antigonish, N. S. The speaker dwelt at length with the four possible destinies of Canada, namely: Remaining in the position in which she is at present, which he regarded as impracticable; imperial federation, which would be an unwieldy and unworkable condition; annexation to the United States and independence. "Imperial federation meant an imperial council with a preponderant British influence," said Mr. Bourassa. "Conditions today in Canada make for annexation rather than for imperial federation. The penetrative influence of trade by rail and coastal lines, the mental propensity of the two peoples living under the same or similar conditions, industrial and social, the constant intercommunication of Canadians and Americans are all powerful factors making for annexation."

### JAPAN CALLS FOR HELP.

The Japanese government, which a few years ago proudly declined the proffered aid of the outside world including the United States, at a time when her people were suffering heavily from floods and famine, has now made known her willingness to accept any assistance offered in the present flood calamity.

Ambassador O'Brien at Tokio, in a cablegram to the State Department yesterday, stated that the seriousness of the situation continues to grow, that thousands of homes have been inundated by water, many lives have been lost and the burden of sheltering the refugees has grown heavy. So far nearly 200,000 people have been driven from their homes. As these are the poorer classes, they are without food and have become a government charge. Mr. O'Brien says the Japanese government will not now hesitate to accept relief funds collected by the Red Cross societies.

Creighton and Richard Gibson.
